**AMENDMENT UNDER RULE 37 C.F.R. 1.111**

Sir:

The Applicant received the filing receipt for the aforementioned invention, which notes that the date provided by Applicant is not consistent with the U.S. Patent and Trademark Office records.

Specifically, page 2, paragraph one references that the application is a continuation-in-part of U.S. patent application Ser. No. 09/628,637, filed July 30, 2000. A review of U.S. Patent 6,500,334 shows the U.S. filing date as July 31, 2000 rather than July 30, 2000. The date has been amended to July 31, 2000, as shown in the amendment.

Additionally, the Applicant respectfully requests that this application be identified as attorney docket no. 5831, as was noted on the cover sheet of the patent application (not attorney docket no. 5573).
